ESCAPED EXECUTION.

Five Americans Saved by Yaqui
Indians in Mexico.

WERE TO BE SHOT.

Yaquis Threaten Bloodshed in Case the
Mexicans Carried Out the Exe-
cution and the Americans
Were Soon Released.

Phoenix, A. T., Nov. 29. — Advice from Tora, a small Mexican habitation on the Sinaloa canal, nearly 200 miles south of Guaymas, declares that there was trouble recently between the Mexicans and the Yaqui Indians at a small town near that place. Five Americans escaped public execution only because the Yaqui Indians went to their assistance. The Americans were to be shot on the following day and the Yaquis threaten bloodshed in case the Mexicans attempt to carry out their threat. The Americans were released.

The five men were formerly employed by the Sonora and Sinaloa Irrigation company, which started the canal. Wells, one of the Americans, escaped through a tunnel before his fellow prisoners were released.

THE ISLE OF PINES.

Opinion of a Havana Newspaper as to its
Seizure by United States.

Havana, Nov. 29. — With reference to the suggestion that the United States will claim the Isle of Pines, The Discusion says:

"It is either a canard or a feeler. If the latter, then it is unworthy of the United States. To attempt such a rapacious robbery would be brutal aggression. If Cuba is to be free, so ought the Isle of Pines to be. Cuba should be so regarded. The Isle of Pines has always been considered a part of Cuba and has been under the government of the province of Havana. The people there were allowed to vote at the election and the Spaniards there have had privileges of inscribing in connection with the delegation of their nationality."

Hanna and the Presidency.

Cleveland, Nov. 29. — A committee representing the M. A. Hanna Republican club of this city, which recently passed resolutions endorsing Senator Hanna as a candidate for the presidency in 1904, called upon the senator Wednesday at his office and presented them. Senator Hanna received them cordially, but declined to entertain any such motive. Senator Hanna said he would retire from public life at the expiration of his senatorial term.

Has Some Singing Mice.

Hillsboro, Tex., Nov. 29. — A year ago H. O. Fewell was astonished to hear mice singing in his residence. He made numerous efforts to catch them, but without success. Finally his niece, Miss Kate Fewell, captured them and they are detained in a cage, where Mr. Fewell says they sing like a bird. They have been seen by a number of people and are regarded as great curiosities.

Cripple Creek to Red River.

Guthrie, O. T., Nov. 29. — A territorial charter has been granted the Colorado and Canadian Valley Railway company with a capital stock of \$10,000,000. The road is to extend from Cripple Creek, Colo., to a point on Red river in the Chickaw Nation, Indian Territory, near the mouth of the Washita river, and the headquarters are to be at El Reno, O. T.

Fell Between the Cars.

Rosenberg, Tex., Nov. 29. — While going from the engine to the caboose a few miles north of Rosenberg, W. Reid, a freight brakeman on the Santa Fe, met death. He fell between the cars, the entire train passing over his body. He was a single man and resided in Galveston with his widowed mother.

Germans Seize Chinese Vessel.

New York, Nov. 29. — It is reported here from Peking that the Germans have boarded a Chinese vessel and demanded the treasure consigned to an English company at Tien Tsin. As the boxes of the treasure had been landed the Germans could not get them. They then hoisted the German flag on the vessel and confiscated her cargo.

Took Poison in a Saloon.

Galveston, Nov. 29. — In a saloon on Thirteenth street a man known to his associates only as "Gas" died suddenly. Witnesses testified to his having taken a dose of poison. Investigation by the police and coroner failed to establish the man's identity.

Murdered His Stepdaughter.

Louisville, Nov. 29. — A special to The Times from Ashland, Ky., says that William Gibson ran a hot poker down the throat of his 2-year-old stepdaughter in Gatlettsburg. Gibson then set fire to an adjoining building after which he made his escape. Officers are in pursuit.

The Squadron Gathering.

Newport News, Nov. 29. — The battleship Kearsarge has passed in the capes

and anchored off Old Point. Other ships of the North Atlantic squadron will arrive between now and middle of December, and on Dec. 20 the entire squadron will sail south.

Killed in Their Own Traps.

Berryville, W. Va., Nov. 29. — The state mine inspector declares that the recent mine disaster here, costing 14 lives, was caused by a plot against an employer of foreign miners, who were killed in their own trap.

SAVED AFTER HARDSHIP.

Walter Donaldson Tells of His Battle Against Yellow Fever.

New York, Nov. 29. — Walter A. Donaldson, whose wife and daughter Marie, fell victims of yellow fever in Santo Domingo, has arrived on the steamer Cherokee, bringing home his only remaining girl, Kathryn, aged eight years.

Mr. Donaldson was collector of duties for the Santo Domingo Improvement company, Puerto Plata. He relinquished a position in the United States treasury department to take the place. He is an immune from fever and speaks Spanish, Portuguese and French. He had been in the southern republic more than a year when he sent for his wife and two daughters last August.

There was no fever in Puerto Plata when they arrived and Mr. Donaldson said he could not tell how the disease had been contracted.

"It may have been due to tearing up streets to relay the water main," he said, "or it may have been caused from some arrivals from Puerto Rico who were ill. At any rate, my wife and daughter, Marie, the latter 19 years of age, were stricken and died within a week. Kathryn also had the fever and I determined to save her by taking her to the mountains in the interior."

"We fled from Puerto Plata to Santiago, the principal city of the interior. They refused to take us in. I went on to other towns, but each one turned us away. It was a question of taking Kathryn in the saddle in front of me and making a three days ride across a rough country, where there were no conveniences, or retracing our steps to Santiago."

"We were in a great valley, which had been discovered by Columbus, and which is in about the same condition now as it was then. Its roads are cattle trails and civilization has passed it by. We went back to Santiago and after much persuasion we were finally taken in. The change of air saved Kathryn and she quickly recovered her usual health and strength."

Corsicans Will Clean Up.

Corsicana, Tex., Nov. 29. — At a special meeting of the city council held to consider the sanitary condition of the city in view of the presence of smallpox and diphtheria it was ordered that the sanitary committee purchase a fumigating machine and all school and other public buildings fumigated; that two teams be transferred to the sanitary department and that a general cleaning up crusade be commenced and that there be a rigid enforcement of all sanitary ordinances.

Controversy in Abeyance.

Galveston, Nov. 29. — The Santa Fe's telegraphers' wage scale controversy is held in abeyance pending a reply from President Dolphin of the Order of Railroad Telegraphers to General Manager Polk's demand that the telegraphers state their position as to whether they will agree to arbitrate the wage scale in the event their committee and Colonel Polk fail to agree.

Will Invite the Sultan.

Washington, Nov. 29. — Under instructions of Secretary Long, Captain Chesler, commanding the Kentucky, will formally invite the sultan of Turkey to visit the American battleship. It is thought that the acceptance of the invitation will give the sultan an opportunity to form an idea of the formidable character of the later warships of the American navy.

Colorado Is Subsidizing.

Wharton, Tex., Nov. 29. — The Colorado, which has been on the rampage for several days, has now greatly subsided. The excavating work of the force now building the new railroad bridge was filled up again with water and mud, making the seventh time since April last that work has been suspended on the structure.

A Fierce Blizzard.

St. Johns, N. F., Nov. 29. — A fierce blizzard is sweeping the country. Snow drifts block all the trains and the storm keeps all shipping in the harbors. It is feared that considerable injury will be done among the vessels of the fishing fleet.

Composer Russell Ill.

Chicago, Nov. 29. — Henry Russell, one of the most noted composers of sea songs, is dangerously ill. It is now some time since he appeared in public being 87 years of age, and it is feared the outcome of the present illness may be fatal.

Rear Admiral McNair Dead.

Washington, Nov. 29. — Rear Admiral Frederick G. McNair died here Wednesday from a stroke of apoplexy. He was the ranking rear admiral of the navy

TELEPHONE FACILITIES

Of Bryan to be Enlarged—Independent Long Distance Line Coming.

The Bryan Telephone Exchange, heretofore operated as a partnership, with Judge Spencer Ford, H. C. Robinson and John B. Mike as proprietors, will undergo reorganization in a few days. A charter has been secured and the new organization will be known as the Bryan Telephone Company, capital stock \$12,000.00. The incorporators are Judge Spencer Ford, H. C. Robinson, John B. Mike, J. E. Butler and Prof. F. E. Giesecke. The company will operate in Brazos and surrounding counties, and will shortly begin improvements here by putting in a new switch board sufficiently large to give more satisfactory service and meet the constantly increasing demand for phones which cannot now be supplied. Another marked improvement contemplated is putting in of 40 foot poles in place of the smaller ones now in use. In a word, it is intended to make the

THE DELAY OF PEACE

An Authority on Chinese Affairs Says Too Much Hidden Treasure Remains Yet in Peking to Conclude the Negotiations.

New York, Nov. 29.—P. A. Banno, an authority on Chinese affairs, is quoted in a St. Petersburg dispatch to The Herald, of saying in substance to a representative of the Novoe Vremya:

"It is nonsense to suppose that the Anglo-German agreement resulted from the withdrawal of the Russian troops from Peking. The English and Germans are not allies in China.

"All we can hope is that the foreigners will not stop too long in Peking. Otherwise they might discover so much hidden treasure that it would seem desirable to remain for good. The Anglo-German agreement which is now disagreeable to us would then become dangerous.

"The troubles, until the peace negotiations are concluded, there can be no question of the European forces leaving Peking, and these negotiations will never be concluded; first, because it is not the intention of Europe they should be, and second, because there is no one to negotiate with.

"Again, what sort of peace negotiations can include such demands as those made by Germany—nothing but executions. History records no instance of a victor beheading the rulers of the vanquished simply because they fulfilled their duty towards their native land, according to their lights. Attila, Tamerlane and Genghis Khan, savages though they were, never made such demands."

WANT THE BARRACKS.

May Succeed the Vermont as a Receiving Ship at Brooklyn.

New York, Nov. 29.—Efforts have been made for some time to have the use of the Vermont as a receiving ship abandoned. She has been for 16 years the regular receiving ship at the Brooklyn navyyard and before that was an adjunct to the receiving ship Colorado. Admiral Crowninshield, chief of the bureau of navigation, who recently visited the navyyard and inspected the Vermont, has recommended to the bureau of navigation the substitution of the Barracks for the ship.

Only about 700 men can be comfortably accommodated on the Vermont, although as many as 1400 have been put on her at one time. Only 300 men can be seated at the tables at once so it is necessary to keep the tables set all day. The Barracks would accommodate 1000 men and would have all the appliances necessary for the training of the men.

War on Hoboes.

Galveston, Nov. 29.—Forty-five arrests were made by the Galveston police department Wednesday between the hours of 1:45 a. m. and 4 a. m. The charges against the offenders range from loitering to assault. Most of the cases are for loitering and the persons so charged were found by the police sleeping in warehouses, boxcars and other places of shelter. In the corporation court the offenders were brought to trial. The majority were fined the customary \$5 and attendant trimmings, while others who could give a satisfactory account of themselves were allowed to go with the advice to get something to do or move out of the city.

American Jockeys Go to Austria.

New York, Nov. 29.—Fred Taral and Sam Doggett, the jockeys, have signed contracts to ride in Austria next season. Fred Hanlon, with Doggett and Taral, went to the American consuls in this city where the contracts were signed. Taral will ride for Mr. Ander de Prehy and Baron Sigmund de Eachtritz, while Doggett's new employer is Nicolas de Szemere. It is said that Taral's contract calls for \$6000 and Doggett's for \$8,000. Both will have the privilege of betting if they desire, not through a commission, but through their employers.

Copper Find in Texas.

Austin, Nov. 29.—News has been received here of the discovery of a vein of rich copper on state school lands near Sierra Blanco, on the Rio Grande border. The ore, it is said, assays 44 per cent copper and 4 ounces of silver. The vein is 4 feet thick on the outcropping. A rich lead prospect has been discovered in the same locality. The vein of lead ore is 12 feet wide and assays 65 per cent lead.

Assistant Bookkeeper Arrested.

Cincinnati, Nov. 29.—Robert Winsted, assistant bookkeeper of the wrecked German National bank of Newport, Ky., has been arrested in this city charged with being an accomplice of Frank Brown, who was short \$196,000 in his accounts. Winsted was taken to Newport and locked up, bail being refused. Brown has not yet been apprehended.

Got Judgment For \$6000.

Waco, Tex., Nov. 29.—In Judge John G. Winters' court the case of C. Hall vs. the Gulf, Colorado and Santa Fe railway resulted in a verdict for the plaintiff for the sum of \$6000, plaintiff making the showing that he suffered personal injuries amounting to the sum stated.

THE COLOMBIA WAR.

Rebels Are Active on the Pacific Coast and in the Interior.

Guayaquil, Ecuador, Nov. 29.—News of the rebel activity on the Pacific coast of Colombia not permitted to pass over the wire controlled by the government, has been received at Esmeraldas. Although driven from positions commanding the port of Buena Ventura by the expedition brought from Panama on the steamer Taboga, the Liberal forces are operating in the interior east of that city. They hold the road to Cali, which is now besieged by a strong insurgent force and must soon surrender unless relieved.

A strong rebel expedition is now befitting out at Tumaco in the southeast the actual stronghold of the Liberal forces on the Pacific coast. The armed rebel steamers, the Laitan and Salinas, which retired from the blockade of Buena Ventura on the arrival of the Taboga, are at Guayaquil and will cooperate with the expedition. Their destination is not known but they may attempt to renew the siege of Buena Ventura.

Throughout the state of Cauca, which embraces almost the entire Pacific coast line, rebel activity has practically paralyzed business. Unless the government forces soon succeed in restoring order that important region would be ruined for years.

Reports of the fighting at Buena Ventura show that the port had been held by the Salinas for three weeks before the Taboga expedition arrived. The Taboga, which flew the British flag during the action was equipped with artillery. She was reinforced by the gunboats Boyaco and Darien which had been held in the harbor by the blockade and the three so vigorously bombarded the positions on Points Bazadan and Solado so that the rebels repaired into the interior. An advance by the garrison resulted in the capture of Generals Salamauca and Hoves, who fought to the last. Three guns were also captured.

The Taboga took to the port a cargo of arms, ammunition and provisions. The artillery it carried will be mounted for the defense of the port.

FAVOR BOTH ROUTES.

Commission Modifies its Report and Says Panama Route Feasible.

Washington, Nov. 29.—The program of the administration regarding isthmian canal matters during the first two weeks of the senate's session is:

To ratify the Hay-Pauncefote treaty without the Davis amendment; to pass the Nicaragua canal bill; to ratify the canal treaties between the United States and Costa Rica and the United States and Nicaragua, which are about ready to be signed.

The report of the isthmian canal commission has been modified, it is said. The report as first virtually agreed upon favoring the Nicaraguan route.

At the same time it is reported the Panama route to be feasible. Since that time there have been further interviews between the representatives of the Panama company and the commission.

The report after frequent consultations between administration officials has been modified to the extent of again considering the Panama route.

An interview has been arranged between Secretary Hay and M. Hutin. What will result from this no one can even surmise.

Row in a School Board.

Dixon, Mo., Nov. 29.—The local school board has gotten itself into a queer muddle, which resulted in the partial shutting down of the public schools. The board has two contracts on its hands with two teachers to teach the same class. Acting upon the supposed resignation of Miss Cora Strickland, the board employed Miss Gussie Murphy. Later Miss Strickland announced that she had not resigned and took charge of her class. A portion of the board ordered the room dismissed, and the teacher was left without a class. Both teachers are determined to hold out. The board is deadlocked over the matter.

Ito Makes Contradiction.

New York, Nov. 29.—Marquis Ito, prime minister of Japan, authorizes a contradiction of the reports touching the stability of the ministry, says a Herald dispatch from Yokohama.

The Thina, a daily paper, makes sweeping but general charges against Hoshi Toru, former minister of Japan at Washington and now a member of the cabinet, and a libel suit will doubtless follow. They are not inclined to make a ministerial matter out of the question.

A full sheet of charges can only affect the accused minister who is not indispensable.

Lodge May Succeed Davis.

Washington, Nov. 29.—Senator Lodge will, in all probability, be advanced to the chairmanship of the committee on foreign relations to fill the vacancy caused by the death of Senator O. K. Davis. Senators Fry of Maine, and Cullom of Illinois, both outrank the Massachusetts senator on the committee but Mr. Fry in addition to being president pro tem of the senate is chairman of the committee on commerce and Senator Cullom is chairman of the committee on interstate and foreign commerce.

Griggs to Be a Commissioner.

New York, Nov. 29.—The Herald's Washington special says President McKinley has selected Attorney General Griggs as international arbitrator in the court established by The Hague conference.

Two Orphans.

Yesterday matinee and last night
the Morton-Kress Co. produced the
Two Orphans to two good sized au-
diences. The play is very strong and
the specialties between acts were
all good. Those deserving of special
mention are Karl B. Steers as Chev-

PHILIPPINE LAWS.

The Commission Regulates Banks and
the Liquor Traffic.

Manila, Nov. 29.—The Philippine
commission has passed a bill requiring
banks to accept deposits whether in
Mexican or local currency and to honor
checks in the currency of the depos-
its against which they are drawn were
made.

A liquor license law for Manila has
been proposed which will debar saloons
on the Escalata and some other states
from obtaining licenses in the same lo-
cations after the existing licenses expire.
The commissioners and the provost
marshal intend to relieve the Escalata of
the congested condition largely due
to the presence of so many saloons.
Under the new law the license fee will
be \$300 gold and the term six months.

Next Saturday the commission will
mail to Secretary Root a report covering
the first three months' work, outlining
existing conditions, the progress made,
the present status of affairs and the sit-
uation generally and embodying sugges-
tions as to the future, together with
questions on other matters.

Boers Are Active.

Edenberg, Orange River Colony, Nov.
24.—The Boers are most active between
the railway and Eastoland, south of
Ladybrand, Thabanchu and Bloem-
fontein.

General DeWet and ex-President
Steyn are near Dewetsdorp. It is be-
lieved they are preparing for a descent
on Cape Colony for recruits and supplies.

As a counter move two battalions of
the guards, Grenadiers and First Cold-
streams hold all the fords of the Orange
river from Aliwalnorth to the Orange
River station. But small parties of
mounted Boers are able to cross the
river almost anywhere. The British
have a great need of more mounted
troops, otherwise the capture of DeWet
is hopeless.

Captain Glenn Dead.

Quincy, Ill., Nov. 29.—Captain John
G. Glenn, 90 years of age, died here.
He commanded several steamers in the
early days and once had a dispute with
President Andrew Jackson, who was a
passenger on Glenn's boat from Louis-
ville to Nashville. Jackson tendered a
\$10 note of the United States bank for
his passage and Glenn declined to take
it because General Jackson had just re-
fused to renew the charter of the United
States bank at Philadelphia. Captain
Glenn was born in Pittsburgh and when
a schoolboy there was selected to make
an address of welcome to the Marquis
Lafayette, who was visiting Alabama.

Shooting at Pauls Valley.

Ardmore, I. T., Nov. 29.—James
Ward was probably fatally shot at Pauls
Valley. He is an attorney of this city
and came here from Clarksville, Tex.
He was a former law partner of the man
who is charged with the shooting. John
Fleming surrendered to the federal au-
thorities. He is also an attorney and a
former resident of Texas, having lived
for a number of years in Jefferson and
Gilmer. Both men have families. The
law firm of Fleming & Ward was dis-
solved some time ago by mutual con-
sent.

To Revise Railway Rates.

City of Mexico, Nov. 29.—In view of
the difficulties attending the revision of
railway rates, as prescribed by law to be
made every three years, the department
of public works has decided to create a
tariff revising board, which will enter
on the discharge of its duties Dec. 1. The
board will consist of two lawyers, a
technical railway inspector, an adminis-
trative railway inspector, a delegate of
the department, one or more delegates
of railways, one or more delegates of
chambers of commerce, a delegate of the
agricultural society and a secretary.

Train Failed to Stop.

Hillsboro, Tex., Nov. 29.—E. G. Hen-
son and J. E. Phillips have each filed a
suit against the Katy for \$200 damages
for not stopping at Lovelace when they
flagged it a few days ago. Wishing to
come to Hillsboro they purchased tick-
ets and were shown how to signal the
train with a lantern when it appeared.
They waited, they asserted in their pe-
titions, till it came along, but it failed
to stop for the signal and they were out
most of the night in the cold of a result
of it, hence the suit.

Committee on Davis' Funeral.

Washington, Nov. 29.—Speaker Hen-
derson has appointed a committee to at-
tend the funeral of Senator Davis. The
committee includes the entire Minne-
sota delegation with Mr. Tawney as chair-
man; Messrs. Cannon of Illinois, Gros-
venor of Ohio, Moody of Massachusetts,
Jenkins of Wisconsin, W. A. Smith of
Michigan, Richardson of Tennessee,
Bailey of Texas, Clark of Missouri,
Burke of Texas and Underwood of Ala-
bama.

Egan Not Restored.

Washington, Nov. 29.—Officials of
the war department deny positively
that Commissary General Egan, now
under suspension from the army, has
been reinstated. It is further stated
that General Egan has made a formal
application to have his case set aside.
It is understood that General Egan will
be reinstated at any time upon the con-
dition that he will go into retirement,
but has not shown any disposition to
do this.

Teacher on Trial.

Waco, Tex., Nov. 29.—In Judge Sam
R. Scott's court the case of the State of
Texas vs. R. A. Price is on trial. The
defendant was a teacher of high stand-
ing in the public schools of McLennan
county, S. E. McLennan, the prosecut-
ing witness, alleges that Prof. Price at
the point of a 6-shooter compelled the
witness to sign checks and notes amount-
ing to nearly \$4000.

Women Who Work

Nine out of ten women are afflicted with some of the common ailments known as female diseases. Among women whose employment requires them to stand on their feet or sit in the same position all day, not one in twenty-five escape these troubles. The average feminine constitution cannot, unaided, withstand the strain to which steady, trying work subjects them. The organs of womanhood are so delicate and finely adjusted that the inevitable result of constant standing, lifting, stooping or straining is displacement of vital parts. The disorder is usually slight at first, but soon develops into irregular or painful menstruation, leucorrhoea or falling of the womb. Wine of Cardui is the right remedy for female weakness. As such it is offered to you. Wine of Cardui will not perform miracles, but it will, if taken as directed, insure painless and regular operation of the menstrual function. It will drive out every trace of leucorrhoea, and will so strengthen the ligaments that falling of the womb will be an impossibility. Don't you think it would pay you to try a medicine with such a record as that? You can get a \$1 bottle of Wine of Cardui at any drug store and use it in the privacy of your home.

WINE OF CARDUI

Townsend, Ga., May 18, 1899.

I have been in bad health with falling of the womb, weak back, nervousness and heart palpitation. At monthly periods I would be in bed suffering great pain. Lately I have been taking Wine of Cardui and Theodor's Black-Draught, and they have brought me wonderful relief. I have no pain, and do not stop work at the monthly period.

THE YOSEMITE WRECKER
Driven Upon a Reef on the Coast of Guam and Totally Lost.

Manila, Nov. 29.—The United States auxiliary cruiser Yosemite parted her cables off the harbor of San Luis d'Apra island of Guam, drifted 60 miles, struck a reef and was wrecked. Five of the crew were drowned. A collier rescued the remainder.

The Yosemite's commander was Eator Schroeder, who is also governor of Guam, but who probably left the active command of the ship to the ranking lieutenant, Augustus N. Madier, and was himself ashore. The other officers accredited to the ship by the register are: Lieutenant W. S. Essford, Alber Moritz and B. B. Bierer; Ensigns A. W. Presser, H. L. Collins, A. H. Mitchell and E. Leavana; Assistant Surgeon Miller, Assistant Paymaster W. H. Delano, Chaplain L. P. Reynolds and eight warrant officers.

Advices received here state that the island of Guam was visited by a terrific typhoon on Nov. 13, which wrecked thousands of houses, among them being the headquarters of Governor Schroeder.

The towns of Indraján and Terra Forca were swept away and it is estimated that hundreds of the native population in various parts of the island met their deaths.

The coconut crops were rendered absolutely worthless.

Thanksgiving Pardons.

Guthrie, O. T., Nov. 29.—Governor Barnes has issued Thanksgiving pardons as follows:

Rufus Crane, sent up from Noble county for three years for receiving stolen goods. He had served more than two years of his sentence.

Charles Daugherty sentenced for seven years from Payne county for burglary. He broke into a cave belonging to a relative and stole three jars of butter. He had served nearly four years of his sentence.

Clarence Martin, sentenced from Dewey county for two years for burglary. He had served nearly three-fourths of his sentence.

Extension of the Frisco.

Holdenville, Tex., Nov. 29.—The St. Louis and San Francisco railroad, now building from Sapulpa, I. T., to Sherman, Tex., will run trains to Francis, Chickasaw nation, by Saturday night. The bridge across the Canadian river is ready for the track and the company in pushing forward to Francis, which is to be a division point. In a few days there will be passenger service as far south as Francis. From that point south the track laying will be more rapid, as there are no large streams to bridge.

Will Be Heard From.

New York, Nov. 29.—Some of Lord Wolseley's admirers, says the London correspondent of The Tribune, are forecasting an important speech by him in the house of lords in the December session and are intimating that he is resigning the chief command before Lord Roberts' return in order to have an opportunity for summing up the results of the war and the merits and defects of the military system.

Ruhlin and Maher Matched.

New York, Nov. 29.—Arrangements for the meeting between Gus Ruhlin and Peter Maher have been concluded here. The match will be limited to six rounds and will take place in Philadelphia, Dec. 7. The fighters will get 60 per cent of the gross gate receipts with a guarantee of not less than \$3000.

Costs Exceed Amount of Suit.

Hillsboro, Tex., Nov. 29.—A case is on trial in the Hill county court involving a \$100 controversy in a mule trade in which the costs to date foot up over \$200. The case was appealed from the justice court at Hubbard. It is the case in which R. M. McDuffey sued J. D. Gerne for \$100.

Relief for Waller County.

Hempstead, Tex., Nov. 29.—Three cars of oats have been received here for planting purposes and are being distributed among the farmers. Arrangements are being made for seed corn and cottonseed.

Drank Concentrated Lye.

Paris, Tex., Nov. 29.—A little child of Jim Donaldson, colored living on North Lavaca street, died from drinking concentrated lye.

Mrs. McKinley Sends a Doll.

DOCTOR ROBINSON
Has Returned to Bryan

Office at M. H. James' Drug Store

THURSDAY and FRIDAY, NOV. 29, 30.

Owing to the fact that Dr. Robinson was unable to meet more than half the people that called upon him during his last visit, and owing to the further fact that he has received numerous letters since his last visit requesting that he return at his earliest convenience, he has decided to return, and will again give FREE trial treatment of his GOLDEN REMEDIES and teach his system of Home cure for Catarrh, Deafness, and all Diseases of the Head, Nose, Throat and Lungs.

Free Trial Treatment

All suffers applying in person will be welcome to a FREE trial of Dr. Robinson's Golden Remedies. It has lifted the darkness and blight of the word "Incurable" from Diseases of the Nose, Throat, Lungs, Eye and Ear.

EYES examined and advice as to the proper use of glasses and the kind the eyes require.

What is life without sight, hearing, taste or smell?

And with all the terrible affections of the Nose, Throat and Lungs—with all the horrors of Consumption staring those afflicted in the face.

Life, with all its pleasures is now within the reach of all.

The many excellent reports of absolute cures, and absorption of Cataracts by Dr. Robinson's Absorption Treatment, is most valuable to those afflicted with Cataracts, they do not have to wait to go blind; or until the Cataract is ripe, but can get a cure without the knife. Dr. Robinson will teach his system to all those interested. Don't wait until all hope has vanished, but consult Dr. Robinson on his dates.
